This is a great opportunity to own a small recreational tract of timber bordering the Bankhead National Forest. This tract is conveniently located less than an hour from Decatur and Cullman, and less than 5 miles to the Grayson Lumber Mill. It also sits right outside the Black Warrior Management Area, which is known for trophy whitetail deer and a healthy population of turkey. With a greenfield, two hardwood draws, and backdoor access to the Bankhead there are multiple opportunities to hunt deer and turkey. There is also municipal water and electricity available, and a couple of build sites for your Bankhead base camp.
